

Part of the AGZ Group

Due to continued growth, we are currently looking to recruit for the following positions to work within our subcontract engineering organisation. This is an exciting opportunity for the successful applicants to join our well-established engineering company.

Electrical Engineers

The successful candidates should:-

- Have a broad knowledge within a sub-contract engineering environment with experience in the Water and Wastewater industries being advantageous.
- Have the ability to fault find, maintain, repair and install a wide variety of equipment including Pumps, Blowers, Control Panels and Actuated Valves, Etc.
- Have good problem-solving skills.
- Operate at all times within current quality and health & safety regulations. (ISO 9001 - 45001).
- Possess a full UK driving licence.

You will have a proven track record within a similar engineering environment.

Excellent rates of pay negotiable based on skill and experience. There is also opportunity to benefit from regular paid overtime in addition to the standard 39-hour week.

Please send CV with a covering letter to:-
