

Due to on-going growth, we are currently looking to recruit for the following positions to work within our subcontract engineering organisation. This is an exciting opportunity for the successful applicants to join our well-established engineering company.

Apprenticeships in the following disciplines:

Mechanical Fitting & Fabrication/Welding

The successful candidates should: -

- Have a keen interest in general engineering.
- Have the ability to problem-solve along with good communication skills, excellent timekeeping and a willingness to learn.
- Possess a minimum C grade in the following Nat 5 or equivalent: -
Maths, English and a related technical subject.
- Operate at all times within current Quality, Environmental and Health & Safety Standards. (ISO 9001/14001/45001).

On completion of training, the successful applicants will gain a Modern Apprenticeship and NC qualification in Fabrication and Welding or Mechanical Maintenance. Further learning and development to HNC and HND is also achievable.

Please send CV with a covering letter to: -
